

Air 1 is a great radio station. Air 1 gives us, the people, a positive, clean, children safe, and most importantly great music station. In present times this is very difficult to find in radio stations. Air 1 is trully a gift to the people and people need this "positive alternative" to help support good morals as well as getting great music. It is in everyones best interest to keep Air 1 on the air and would be greatly appreciated if it can remain.

Thank you,  
Tim Degeneffe
